

Deputy Director
for Administration

DDA 85-2609
26 July 1985

NOTE FOR: Director of Central Intelligence

SUBJECT: Pioneers of Space Technology

Bill,

1. Attached is the list of "Pioneers of Space Technology" who will receive medals.

2. The Protocol Branch does not have a complete guest list from the NRO and S&T, but they know that it is not intended to invite any ex-DCI. The reasons given to me are as follows:

a. The period covered by this ceremony is from 1945-1960. There are no living ex-DCI's who served during that time.

b. If the ex-DCI's were invited, the Vice President would be asked to attend and, of course, the press would be present. It is desired that publicity will be kept to a minimum.

3. I have asked Protocol to get a guest list to you as soon as it is completed.

/s/ Harry

Harry E. Fitzwater
